

How to become a member (log-in) of the Apalacheebeekeepers.com website, “Members Only” area.

Congratulations on becoming a member of ABA. If you want access to the members-only portion of our website, you’ll need to become a “member” of the website. Don’t worry, it is easy, but it is a two-phase process.

Step 1. Visit the website and try clicking on the Members area. You’ll get this message saying you’re are not permitted unless you sign-in. On your initial visit, select the “New to this site? Sign up”

Step 2. The website administrator will get a message that you signed in. We’ll check that you are a dues-paying member. This might take 24-hours – we all are volunteers. The website admin will give you credentials on your website member profile and should send you a confirming email. At that point, you can return to the website, enter the email and password you logged in with when you initially signed up. That should get you in.
